ResNet

INFORMATION TECHNOLOGY

ResNet is a team of **Students** and **Staff** who assist ALL Marist students with connecting and staying connected to the network. This technically skilled group supports issues related to the campus wired and wireless networks; spyware, adware, and virus removal, as well as general computer troubleshooting. To learn more about ResNet, visit our webpage at: <http://resnet.marist.edu>. If you have questions, send us an email at resnet@marist.edu or call (845) 575-3135.

Why Buy Into the Marist ThinkPad University Program?

- Warranty repairs are done on-site at Marist in the ResNet office!
- If you purchase the optional Accidental Damage Protection (ADP) 4-year warranty upgrade, the ResNet office will deal directly with Lenovo on your behalf for accidental damage claims.
- Loaner laptops available for more lengthy repairs (while on-campus) — you will never be without computer access if your machine is under warranty!
- We are a full-service repair shop for student owned ThinkPad University systems with a valid warranty.
- If you have an issue, there is no need to deal with calling, waiting, and being transferred to overseas Tech Support; just bring the ThinkPad to the ResNet office and let us handle it for you!
- All our Repair Technicians are CompTIA A+ Certified and Lenovo Certified Professionals with over 2500 hours of hands-on experience.
- Original software recovery services available on-site at ResNet.
- **FREE SHIPPING* AND ACADEMIC PRICING ON ALL MODELS!**
*(free shipping applies at purchase and only in the continental United States)

Lenovo ThinkPad computers are specially engineered to resist liquid spills. ThinkPad keyboards divert liquid spilled on the keyboard into special drains that help to prevent damage to the computer.

If you decide not to take advantage of the Marist ThinkPad University Program, please make sure to bring a computer with these recommended specifications (or higher):

- ✓ **Windows 10 or macOS 10.12 (Sierra)**
- ✓ Intel or AMD Multi-Core Processor (CPU)
- ✓ 8GB RAM (memory)
- ✓ 200+ GB Solid State Drive
- ✓ Gigabit Ethernet (wired)
- ✓ 802.11n compatible wireless card
- ✓ **Microsoft Office 365 University***
- ✓ **Marist's McAfee VirusScan Enterprise (Required)****

*Microsoft Office comes pre-installed on TPU computers, but **you must purchase a license and activate the product** to use it. You can purchase a license for Microsoft Office 365 University at <http://mari.st/office365u>

McAfee VirusScan Enterprise is **provided by Marist College at no charge. This software comes pre-installed on all TPU models and is available for download at <http://resnet.marist.edu>
